

# Features

- Universal input 90-264VAC
- Efficiency 91%
- Short circuit and over voltage protected
- Active PFC function, PF>0.95
- Power indicator LED
- UL, CE marked (CB report)
- Conformal coated product
- RECOM connector set available

# Regulated Converter

IEC/EN60950-1 certified  
EN55032/55024  
FCC Part 15  
CB Report

### Description

The RAC150 series are cost-efficient 150 Watt AC/DC power supplies in a standard 2"x4" footprint with a universal input range of 90-264VAC for worldwide usage. They are built to deliver up to 125 Watt with natural air convection for use in tight, space-critical housings with low available airflow. UL and CE marks with CB-reports include the new 62368 safety standard as well as the usual 60950 safety standard. The RAC150 series offers tightly regulated 12V, 24V and 48VDC outputs with 3kVAC isolation and Class B EMC certifications and come with a three year warranty.

### Selection Guide

| Part Number     | Input Voltage Range [VAC] | Output Voltage [VDC] | max. Output Current (1) [mA] | Efficiency typ (2) [%] | Max. Capacitive Load (3) [µF] |
|-----------------|---------------------------|----------------------|------------------------------|------------------------|-------------------------------|
| RAC150-12SG (4) | 90-264                    | 12                   | 12500                        | 91                     | 2000                          |
| RAC150-24SG (4) | 90-264                    | 24                   | 6250                         | 91                     | 1000                          |
| RAC150-48SG (4) | 90-264                    | 48                   | 3125                         | 91                     | 500                           |

#### Notes:

- Note1: With forced air cooling, refer to derating graph  
 Note2: Typ. efficiency is tested @ 230VAC and full load  
 Note3: Max. cap load is tested @ 90-264VAC and full resistive load

### Model Numbering

#### Notes:

- Note4: add suffix "OF" for open frame version  
 add suffix "ENC" for enclosed version

#### Ordering Examples:

RAC150-24SG/OF 24Vout Single open frame version  
 RAC150-12SG/ENC 12Vout Single enclosed version

### Specifications (measured @ Ta= 25°C, nom. Vin and full load unless otherwise stated)

**AC Input (CN1)**

| Pin #  | Terminal                          |
|--------|-----------------------------------|
| 1 AC/L | 3 Pins (Pin2 removed) with 3 AC/N |
|        | 3.96mm pitch                      |

**DC Output Connector (CN2)**

| Pin #  | Terminal           |
|--------|--------------------|
| 1,2 V- | 4 Pins with 3,4 V+ |
|        | 3.96mm pitch       |

FC= fixing centers  
Crimp Terminal AWG Range: 18-22AWG  
Tolerance: xx.x= ±1.0mm  
          xx.xx= ±0.5mm

**Compatible Connectors**

**Housing**

Landwin 3960S Series  
JST VHR  
Molex 51144 Series

**Crimp Terminal**

Landwin 3963T011R  
JST SVH-21T-P1.1  
Molex 50539

### APPLICATION and INSTALLATION

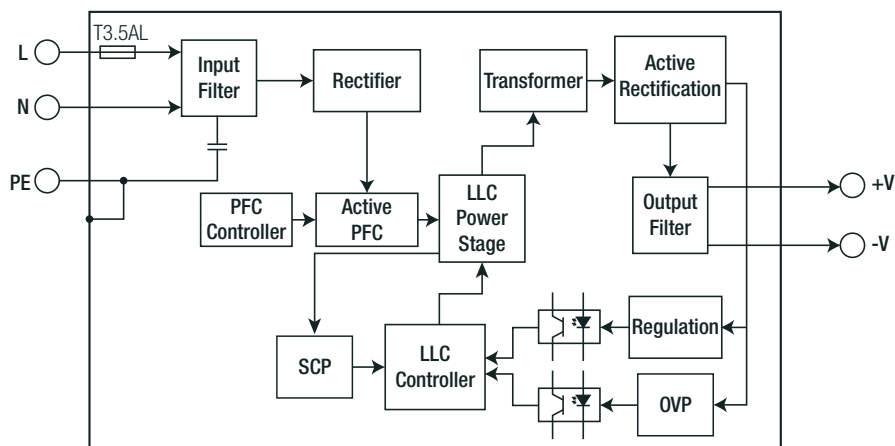

#### Mounting

If module is mounted vertical or upside-down with natural convection cooling, the power must be derated  $\geq 10\%$ .

#### Block Diagram

### PACKAGING INFORMATION

| Parameter                   | Type           | Value                 |
|-----------------------------|----------------|-----------------------|
| Packaging Dimension (LxWxH) | cardboard box  | 112.0 x 80.0 x 50.0mm |
| Packaging Quantity          |                | 1pcs                  |
| Storage Temperature Range   |                | -40°C to +85°C        |
| Storage Humidity            | non-condensing | 10% - 95% RH          |

The product information and specifications may be subject to changes even without prior written notice. The product has been designed for various applications; its suitability lies in the responsibility of each customer. The products are not authorized for use in safety-critical applications without RECOM's explicit written consent. A safety-critical application is an application where a failure may reasonably be expected to endanger or cause loss of life, inflict bodily harm or damage property. The applicant shall indemnify and hold harmless RECOM, its affiliated companies and its representatives against any damage claims in connection with the unauthorized use of RECOM products in such safety-critical applications.
